CRIME COSTS FAR AHEAD OF EDUCATION

LIEUT. GOV. FITTS REVEALS
STARTLING FIGURES AT
CHAMBER MEETING

Although we spend sixty-nine million dollars a year for the maintenance of our public school system in the state, we spend, at the same time, seventy-two millions for the maintenance of our police and sheriff's office forces in all the cities and counties of California. Lieutenant Governor Burton R. Fitts told 200 members of the associated chambers of commerce of the San Gabriel valley at the monthly meeting, held in Arcadia Tuesday night.

Added to the vast sum expended for police regulation is another and vaster one charged to crime, in that stolen and destroyed property resulting from the activity of criminals amounts to five hundred and forty-two million dollars per year.

The lieutenant-governor attributed a large portion of this enormous loss and expenditure to the general apathy of the average citizen, declaring that an increase in the vigilance of the citizen, even in a small percentage, would cut down this loss materially, besides adding a new, moral tone to the entire public structure.

NEW PAROLE LAW

Lieutenant-Governor Fitts, in alluding to the fact that he is chairman of the state parole commission, said that he hoped to see enacted at the next legislature a statute denying parole to convicts excepting that they be obligated during the period of parole to work and earn money to replace the property damage and loss caused by the act which placed them in prison.

WELL ENTERTAINED

The meeting was made one of the outstanding ones of the year through the hospitality of the Arcadia chamber of commerce, of which D. S. Lien is president. The meeting was presided over by genial "Bob" Williams of La Verne. A ten-minute talk on subjects vital to the valley was made by Frank M. Colville of the Rosemead Review. The lieutenant-governor was introduced by State Senator H. J. Evans of Monrovia, for many years a director of the associated bodies.

Section Hears Talk on Lighting

St. Patrick's day was the motif for the March luncheon given Monday by the home economics department of the Woman's club. The tables were arranged in the club parlor, making a cozy atmosphere for the rainy day. Yellow flowers, jonquils and marigolds, were used in bouquets on the tables and on the mantle to the fireplace, with big yellow pansies at the plates. Green hats for favors and St. Patrick napkins lent a pretty effect to the table decorations.

The luncheon, prepared and served by Mrs. T. E. Foster and her committee, was excellent and received warm praise.

An instructive lecture on "How We See and Why We See," was given by R. S. Ladlum, illuminating engineer of the Edison company, illustrated by slides showing properly and artistically lighted homes. The speaker showed the mechanism of the human eye and the effects of gloom and glare on the eye, also leading a discussion in methods of lighting and fixtures adapted to the home.

CLETRAC AGENT BUNS INTO TRUCK IN DARKNESS

E. W. Allee, manager of the Cletrac agency, while crossing the bridge between Baldwin Park and El Monte Monday evening, ran into a county truck that was standing on the bridge and asserted to be without lights, breaking the fender of his car and slightly bruising his wife and daughter, who were with him. The accident occurred about 8:30 o'clock.

Registration Ends at Midnight for City Elections

Because of the fact that registration must be made thirty days in advance of an election, the registration for the Covina city election closes at midnight tonight.

All elections for cities of the sixth class throughout the state will be held on Monday, April 9, when trustees will be chosen. Election of school trustees will take place on Friday, March 30, in the Covina city and valley area.

Another month of time to register is afforded in order to be able to participate in the presidential primaries, held on May first, registration closing March 31st.

No person who has not made a new registration since January first of this year will be eligible to participate in any elections.

Mexican Children Present Pageant in New School

A large number from Covina attended the Americanization pageant given at the Merwin school in the Irwindale avenue Mexican settlement Tuesday evening, availing themselves of the opportunity to inspect the new school building which has just been completed.

The pageant, written by Miss Pearl Ellis, a member of the school faculty, was given by the children of the school, and was a unique portrayal of the history and best characteristics of the Mexican people, showing their eagerness to overcome obstacles of birth and race in a new country and depicting some of the contributions which their artistic natures have made to our civilization. The program was printed in Spanish as well as English, that it might be appreciated by the Mexican parents who are unable to read the English language.

In the cast of characters were three Indian maids, three Spanish cavaliers, three dragons, a home group, church, school group, neighborhood-house committee, Spanish dancers, and a large choir. The pageant was beautifully rendered and gave credit to the faculty.

Mrs. May Browning, principal, directed the play. Miss Florence Goodale had charge of the stage and lighting. Mrs. Mary Alhau, pianist, Miss Martha Ellen Eys, Spanish reader, and Miss Pearl Ellis planned the costumes.

The new building, which will be open for school purposes, was constructed with funds provided by a bond voted at the election a year ago, and cost approximately \$20,000. The old building was rebuilt into the new structure and every modern convenience for sanitation and hygiene observed. The work of the faculty will be accomplished with a much greater degree of ease and efficiency than heretofore. The new building expressed the desire of the school district to afford for its alien population every possible advantage for good citizenship training.

The Americanization committee of the Covina Woman's club had placed baskets of flowers in each room. Mrs. Brownfield presented T. E. Foster a pair of cuff links as a token of appreciation of his supervising without pay the erection of the building.

Building Permits Exceed Last Year

Building permits for the months of January and February have exceeded the permits for the same months of last year by several thousand dollars. January showed a total of \$12,400, including a \$7000 residence for John Tyler which is being constructed in the Adams park tract. Mrs. Augusta Lamberton's business block on West Orange street, and remodeling on the Troy laundry.

The guests included Miss Lea Jarrett, Miss Nellie Watts, Miss Grace Austin, Miss Virginia Evans and Mr. Louis Kurze of Los Angeles, Miss Annie Jones of Pasadena, Mr. and Mrs. Virgil Ferrey of Long Beach, Mr. Schildmeyer of Inglewood, Mr. and Mrs. William Schildmeyer of Lomita, and Mr. and Mrs. A. G. O'Brien and Miss Arelene O'Brien.

Covina Goes Into Semi-Finals in Basketball

Covina high school's basketball team worked itself a notch higher in the championship playoffs by defeating Blythe at Huntington Park last Saturday afternoon. The boys from the desert were beaten 30-19.

This places Covina in the semi-finals, and the local boys have been framed with Santa Monica, the game to be played at 7:30 tonight (Friday) at Huntington Park.

Covina will go into this game as the underdogs, in which position Newman's boys always do their best. Local fans who watched Santa Monica win from Burbank Saturday are of the opinion that the bench boys had easy opposition.

In the game last Saturday, Chamberlain was high point man, with 14 points to his credit. Duncan came next with 6 points, while Arnel, Jewett and Knorr each made 3, and Timmons 2.

The first half ended 9-5 in favor of Covina. In the third quarter the Blythe boys put on a rally and passed Covina for a moment, only to be tied by a free throw by Chamberlain. In the last quarter the Covina boys put on everything they had, piling up 30 points to Blythe's 19.

Lineup:
COVINA: Wheeler, G. Moss, Arnel, G. Powers, Chamberlain, C. Faubion, Duncan, F. Sires, Jewett, F. Campbell.
Substitutes for Covina—Timmons, Knorr.

DR. R. P. MILLER MAKING RESIDENCE INTO OFFICE

Dr. R. P. Miller is remodeling the residence purchased by him from Thomas B. Reed a year or more ago into an up-to-date office. The building is the first house east of the Magan clinic and for years served as the residence and office of Dr. J. D. Reed. Dr. Miller will move into his new quarters about the middle of April, and the building will give ample space for his X-ray work and late equipment. The front part is being made into a commodious reception room.

Taft's Adherence to Duty Told by Rotary Speaker

Dr. Charles Barker, who delivered an able address before the Covina Rotary club and other organizations in the valley last week, was again the speaker before the Rotary club yesterday noon.

Personal reminiscences of his association with William Howard Taft were told by the speaker, beginning with the summoning of Taft from the federal bench in Ohio to become governor-general of the Philippines, his four years in the White House, his period as teacher of law at Yale, and finally, Taft's elevation to the position of chief justice of the supreme bench, the position he now occupies. Taft's adherence to what he thought was his duty, rather than following his inclinations, was the theme dwelt upon by Dr. Barker. The doctor was Taft's personal physician through these periods.

Dr. Barker has been making journeys throughout the San Gabriel valley during the past week, accompanied by his wife. He returns east shortly, while his wife will spend the winter in San Jacinto.

HARNISH & SON NOW WHIPPET CAR DEALERS

Announcement is made this week by A. E. Harnish & Son of the addition of the Whippet auto to their present line of cars. This does not in any way interfere with the Chandler cars, which they will continue to handle.

The Whippet is made in many different body styles, and is in the lower price class, selling from \$592 for touring delivered to \$727 for the four-door sedan delivered. They have many features in the mechanical construction of the cars which are found only on cars in the \$1000-\$2000 price class.

A. E. HARNISH & SON HAVE A FOUR-DOOR SEDAN ON DISPLAY AT 302 NORTH CITRUS AVENUE.

A well-attended evensong program was given at the Covina Baptist church last Sunday evening, featuring a number of the best musicians of the city and valley. The choir, under the direction of A. R. Taylor, sang several numbers, and there were solos, duets and trio numbers by Mrs. Charlotte Naffel, Mr. Taylor and Mr. Robinson. Cello numbers were rendered by Mr. Nordblum. A short sermon was given by the pastor, Rev. Richard Gentry.

SEASON'S RAINFALL LAGS BEHIND LAST YEAR'S RECORD

Rainfall in the recent storm for Covina and vicinity was .87 of an inch, making a total of 11.51 inches for the season. Last year the precipitation to date was 20.02 inches for Covina, running three or four inches higher at Puente, where probably the heaviest rainfall of the season for that district occurred at this time of the year.

Oldest Mason to Be Honored Monday by Valley Members

Thomas F. Griswold, oldest Masonic member in point of service in the San Gabriel valley, will be ninety years old next Wednesday.

His fellow lodge members have arranged a celebration for him at the Masonic temple in Covina for next Monday night, beginning with a dinner under the direction of the Eastern Star, following with the Malta degree in the long form by Pasadena commandery, Knights Templar. Mr. Griswold will occupy his special chair in the lodge room.

All Masons of the valley, and visiting Masons in the jurisdiction are invited to be present, according to an announcement issued by Worshipful Master Sidney Ashton.

Court Opinion Upholds Plans For High Dam

Proponents of a high dam in the San Gabriel canyon won the decision before Judge Anderson of Yolo county, according to dispatches from northern California yesterday noon.

Judge Anderson's opinion, based upon the evidence heard by him for several weeks in a Los Angeles court room, was declared to be in the mails enroute to the presiding judge of Los Angeles county. The opinion, according to the dispatches, will set forth that the high dam plans are the legal plans with which to build the great flood control project in the canyon.

Judge Anderson's opinion in favor of the high dam plans were anticipated by nearly all who followed the case, and the opinion will find almost universal favor in the San Gabriel valley. The controversy as to whether a dam 420 feet high or one 385 feet high should be built has been outstanding business before the board of supervisors for six months. Judge Anderson's opinion is subject to appeal, but it was stated yesterday that actual beginning of construction on the dam can be expected some time during the middle of the coming summer.

Chief Flood Control Engineer E. C. Eaton said yesterday that the high dam plans as well as two alternating sets of plans have been ready for some time in his office, and only await the approval of the board of supervisors and the awarding of bids.

Following the business meeting, Mrs. Davis gave the second chapter of the study book, after which the noon luncheon was enjoyed.

COVINA BANK CALL SHOWS PROSPERITY

CITY AND VALLEY ON POINT
OF IMPROVEMENT ERA
AS DEPOSITS GROW

With the completion of the sale of the Home Telephone company stock, which emerged from escrow on Wednesday of this week, \$300,000 was added to the deposits of the First National bank of Covina, about seventy-five per cent of which will remain with the local institution, the remainder to find its way to other banks in nearby valley communities. This deposit brought the bank's deposits, both for the First National and the Covina Valley Savings bank, up to the combined total of \$2,351,792.45.

The report to the comptroller of the currency, called for as to February 28, is shown to be \$2,097,767.72 in assets for the combined banks. Combined capital, surplus and profits is shown to be \$231,105.13 on February 28, as against \$220,664.85 as of the last call on December 31. Combined deposits, as of February 28 are shown to be \$1,839,572.59, as against \$1,900,567.76 as of December 31st.

The Covina National bank statement as of February 28, shows a total of \$728,061.73, as against \$721,283.55 for the last call on December 31st.

For the past year the banks of Covina have shown a steady upward trend at each succeeding call. The December call reached a point greater even than in the unusual days during the war when war loans were being negotiated.

All banks in the valley are showing a similar increase, according to a statement by bank officials yesterday, and are indicative of a general prosperity in the citrus and walnut business. Local money for loans is available in larger amounts than ever before. This means that the city and valley are to enter an era of steady improvement in buildings and ranch property, bank officials declared. Improvements that have been contemplated for some time are scheduled to be made during the coming year in all parts of the city and valley.

Thorpe Tells of Near East Relief at D.A.R. Meet

Seventeen members of the local chapter, Daughters of the American Revolution, gathered around the luncheon table Monday afternoon at the Stone Lantern, and enjoyed an interesting program.

Reports were given by the regent, Mrs. C. T. Booth, and the treasurer, Mrs. C. E. Varney, on the state conference held in Los Angeles last week, stating that the Covina chapter was one of seven out of sixty-eight chapters standing 100 per cent in all reports made during the year. Announcement was made of the trip to Huntington library, which has been planned for Wednesday, April 4th.

Mrs. E. V. Rice gave a short talk on international relations, speaking chiefly of Mexico and Latin America.

Mr. B. F. Thorpe was the speaker of the day, giving an interesting talk on his trip last summer. Mr. Thorpe spoke of the reforestation that is being carried on in northern Africa under the direction of the European governments that control that country, it being obligatory to replace every tree cut inside of one year.

Many of the small kingdoms of Europe, in the opinion of the speaker, have as fine soil and climate as California, but are torn by petty jealousy. Mr. Thorpe dwelt on the work of the Near East Relief and the fine work being carried in by the Y. M. C. A. in Jerusalem, where a half million building is being constructed on ten acres for their activities.

Points of interest in the Holy Land were touched upon and the educational work as carried on by three American colleges at Beirut and elsewhere.

HARBOR WILL BE FEATURE AT MEN'S CLUB MEETING

An attractive program has been arranged for the next meeting of the Covina Men's club, Friday, the 16th. Franklin D. Cole, manager of the Los Angeles harbor, will speak, and there will be five reels of motion pictures of the harbor facilities and industries of the southwest, especially of the citrus industry and all matters pertaining to harbor exports.

Urges Greater Consumption of Pure Fruit Juice

Urging that southern California fruit growers launch an intensive educational campaign for fruit juice concentrates, including those of the grape as well as the orange, grapefruit and lemon, Dr. W. D. Sansum, director of the Potter metabolic clinic at Santa Barbara, and noted authority on disease preventive diet, in his lecture on "Acidosis" before the Southern California Public Health association, stated that the fruit industry is suffering from generally accepted public fallacies on diet.

"The taste of food is no guide to its final reaction in the body," stated Dr. Sansum. "The sweetest lemons, grapefruit or oranges prevent acidosis."

"A glass of orange juice three times a day will assist in rectifying acidosis," Dr. Sansum holds.

Fruit juice concentrates, properly processed, lose little of their health value to the consumer, according to the food expert.

"I should like to see several bottles of fruit juice concentrates in the cooler of every household in eastern states, where fresh fruits are not as plentiful as here, and used as conscientiously as the quart of milk a day, advocated by good nutritionists. The one-quarter concentrate with three-quarters pure water added to bring back the original bulk, is a very splendid method of getting the proper amount of fruit juice which the system needs," Dr. Sansum pointed out.

Azusa Citizens Are Entertained at Glendora

What may develop into a series of similar meetings was held last Friday night at Glendora, when the chamber of commerce of that city entertained the business men of Azusa at a dinner at the Glendora Foothills park.

The affair was held for the purpose of bringing about a better acquaintanceship and goodwill, and was attended by seventy-five of the leading men and women of the two communities. Secretary John S. Cook of the Glendora chamber presided, and speeches were made by James H. Hughes, superintendent of the identification bureau at Pomona, which advocates the Protex check system; Chief English of the Pomona police force; Cornelius Smith, pioneer business man of Azusa, and J. L. Matthews of Covina.

Francina White Scores Hit in Opera "Firefly"

Francina White's performance of the role of "Sylbi" in the light opera, "The Firefly," given in the Shrine auditorium as the closing offering of ten weeks of entertainment, resulted in unusual praise for the Covina girl's singing and acting ability, according to J. D. Coles, cashier of the First National bank, who, with many other valley citizens, was in attendance.

This nineteen-year-old singer, the daughter of Mrs. Phoebe Ara White, was given this role on less than a week's notice, and while the part is one of the minor ones in the cast of principals, it is difficult and extremely high in range. Mr. Coles said, Francina's rendition of it, and her adaptability to stagecraft, were remarkable, and brought direct praise from the other principals, who were all New York singers. The Covina girl was the only principal singer to be selected on the Pacific coast during the ten weeks of engagement.

SCIENCE LECTURE

Residents of Covina will have an opportunity to hear an authorized lecture on Christian Science on Friday evening, March 16th, at 8, when Robert Stanton Ross, C. Mr. Ross will also broadcast a lecture on Thursday, March 29, at 12:10 p.m. over radio KFI. Mr. Ross is a member of the board of lectureship of the Mother Church, Boston.

JACK VAUGHN RETURNS

Jack Vaughn, for some years on the selling staff of I. Worth Everett company, local firm of realtors, but recently with Vosburg Brothers in Azusa, has again entered the Covina field. He has returned to the Everett company, and is specializing in the handling of citrus property. Within a few weeks he intends to move his family to Covina.

"The Cohens and Kellys in Paris" Comes to Covina

"The Cohens and Kellys in Paris" started a three-day run at the Covina theater last night. This comedy had the spectators howling with joy one moment as its comedy reigned, then when drama and pathos followed the house was perfectly silent, only to be plunged into laughter again when another comedy bit was flashed upon the screen.

Another picture worthy of a three-day run is coming Sunday, Monday and Tuesday, "The Enemy," starring Lillian Gish. It is a lavish filmization of the Channing Pollock stage success, a mighty war drama dealing with the spiritual havoc wrought by the world conflict.

"The Thirteenth Juror," coming Thursday and Friday of next week, is a tensely dramatic story of love and law and the conflict of conscience and the instinct of self-preservation. Francis X. Bushman and Anna Q. Nilsson play the featured roles.

A coming play which Manager Brown is anxious that his patrons not overlook is "Wild Geese," to be shown here March 21st and 22nd. "Wild Geese" is a picturization of the novel of the same name by Martha Ostenso, which won the prize of \$13,500 for the best novel by an American author. Belle Bennett and Anita Stewart have leading roles.

Lions Preparing Annual Play for March 23 and 24

The Lions club players will present their annual play on the nights of March 23 and 24. Director and Manager Schornagle has assembled a strong cast of more than usual amateur talent and promises an entertainment worthy of the community support for its merit alone.

The net proceeds from the production are to be used for the establishment of an aviation field at Covina, and the promotion of interest in aviation through local activities.

COMMENTS

Statement of Condition of Funds:

The condition of the funds of the city, as a whole, is still very good. We do recommend that a transfer of approximately \$1,500.00 be made from the General Fund to the Park Maintenance Fund, which transfer has been provided for in the budget.

The budget this year is operating nicely and, in almost every case, the expenditures are within the budget and no additions to the budget or appropriation is necessary at this time.

Receipts and Disbursements:

The departmental receipts were verified through duplicate receipts, ledger accounts, and other available information, and found correct. The disbursements from several funds were verified by demands, cancelled warrants, bonds and coupons on file, together with records in the minutes concerning same.

Respectfully submitted,

R. D. CRENSHAW AND COMPANY,

By R. D. Crenshaw, Certified Public Accountant, Calif.

Animal acts are one of the features of the Al G. Barnes circus, which opens the 1928 season at the circus farm, near Baldwin Park, on Tuesday, March 20, with a two-day showing. Every conceivable species of wild

CIRCULATE PETITION TO

A petition is being circulated for the opening of Puente street from Irwindale avenue through to El Monte street in Baldwin Park. With the opening of this street, a thoroughfare will be established from the new boulevard completed last year from El Monte and Baldwin Park, connecting with the Pomona hill road east of Covina.

Wife—No, Louis, dear, I have often admired men for their strength and courage, manliness, good looks, or intelligence, but with you dear, it is love, nothing else.

ENTERTAIN AT LUNCHEON

Mrs. A. G. O'Brien and Mrs. Marion Nell entertained at luncheon on Wednesday the officers of the Eastern Star, complimenting Mrs. Arthur Beardsley, matron, and Mrs. George Carson, associate matron. The affair was a surprise, a clever ruse being employed to get the two ladies to the O'Brien home.

The St. Patrick motif was used in the favors and throughout the menu. A song composed for the two honor guests was sung, and Mrs. Beardsley was presented with a handsome gift by the officers.

The afternoon was spent with cards, for which high prize went to Mrs. T. E. Foster and consolation to Miss Mae Coffman. The guests included, besides the guests of honor, Mesdames J. D. Reed, S. F. Jones, Sherman Gail, I. W. Everett, Charles Coltrin, Etta McDonald, Ernest Montgomery, T. E. Foster, Charles Speer, R. W. Estep, F. E. Safe Driving Being Stressed by Safety Councils

"At this time, as never before, the factor of safe driving is being stressed by safety councils and various other organizations throughout the country. Today is an age of speed, when everyone is in a hurry to get here and there, consequently the necessity of greater safety in driving is apparent," according to A. E. Harnish & Son, local Chandler distributors.

"Municipalities in the majority of instances have enacted strict traffic regulations; have adopted stop-and-go laws and are erecting automatic semaphores to cut down speed and regulate traffic in congested districts. All these steps are playing an important part, but a more concentrated effort must be exerted on the part of automobile manufacturers to make it possible for the driver to have his or her car under perfect control at all times.

"Picture yourself in congested traffic—the car ahead stops suddenly; with the average car the owner must jam on the brakes to avert a collision. The same is true when a child darts out from a line of automobiles at the curb, or a car shoots out from a parking space without warning. Or imagine yourself descending a long, steep hill—everyone who drives realizes the necessity of adequate brakes.

"Sensing the need for a brake that eliminates great muscular strength to provide positive operation to avoid mishaps, Chandler is the first car in America to make a concentrated effort toward making the car safe to drive, through the adoption of what is termed Westinghouse vacuum brakes. These brakes operate smoothly with a foot pressure not greater than could be applied with the little finger."
